

Women May Be From Venus, But Men Are Really From Uranus: A parody of Men are from Mars, Women are from Venus and other John Gray books

Wouldnt it be nice to read a book about relationships that made you laugh instead of point fingers? Now you can. Katherine Black, armed with her biting wit and in-your-face directness, takes on John Grays over-simplified psycho-babble relationship books and delivers a knockout punch. Read why men couldnt possibly have come from Mars or any planet other than Uranus, how women are responsible for setting up civilization, and why men are inept when it comes to communicating with women. Ms. Black explains what men are trying to say, no matter how theyre trying to say it. So if youre looking for a little reality, get ready for a wild ride as Katherine Black gets down and dirty in her hilarious and irreverent look at relationships! The difference between the eBook and the book in print is the paperback has the original illustrations by award-winning illustrator Peter J. Welling, who received a 2012 Storytelling World Award in Category One - Young Listeners, for his work on The Kvetch Who Stole Hanukkah, by Bill and Susan Isakoff Berlin.
