

Starf*cker: a Meme-oir

What is a starf*cker? However you define it, Matthew Rettenmund, author of the acclaimed novel *Boy Culture* and the popular blog *BoyCulture.com*, readily admits to being one. The ultimate pop-culture enthusiast, he has been obsessed with celebrities ever since he was born. This hilarious, sexy memoir (arranged by memes) documents Rettenmunds affection-in the case of Madonna, its pure mania-for movie, television, and music personalities. From his years as a star-obsessed gayby to his contradictory careers in porn and as a teen-mag editor (names will be named), Rettenmund details and deconstructs his-and our-passion for celebrity.
