

THE OPIUM DEN: Tales of travels, love and drugs

Drug and crime stories set in the whole magical and psychedelic east of the 70s. All strictly true, and told with the authority of an eyewitness. Among the legendary figures of the psychedelic underground (Rafiula Khan at all) and the mysterious and magical places of a legendary era and perhaps unique, and in places such as Afghanistan and India, once full of magic. Gianni Boanelli has experienced first-hand all the exciting adventures of travelers in the 70s, going back and forth to the east again and again. THE OPIUM DEN is his first novel.
