

Philippi Cluverii Introductionis in universam geographiam tam veterem quam novam libri VI: accessit P. Bertij Breunrium orbis terrarum. (1657) (Latin Edition)

This book represents an authentic reproduction of the text as printed by the original publisher. While we have attempted to accurately maintain the integrity of the original work, there are sometimes problems with the original work or the micro-film from which the books were digitized. This can result in errors in reproduction. Possible imperfections include missing and blurred pages, poor pictures, markings and other reproduction issues beyond our control. Because this work is culturally important, we have made it available as part of our commitment to protecting, preserving and promoting the worlds literature. ++++The below data was compiled from various identification fields in the bibliographic record of this title.
