

## Muse: Out Of This World

Includes a detailed new chapter to the book, covering the extensive world tour for The Resistance and the relationship break-ups, wild LA rocknroll parties, alcohol addictions and recoveries that led to the writing and recording of Muses most recent album The 2nd Law. Exploring the meanings behind the songs themselves, the chapter concludes with first-hand accounts of several up-close-and-personal live shows and their huge stadium tour of 2013.
