

How to Create a Social Media Plan For Your Business: An Easy Step-by-Step Guide

Businesses are jumping on the Social Media Bandwagon every day and spending a lot of time and money trying to be social. But are all of their efforts cost effective? Is the traffic being directed to the correct location? Are you actually reaching buying customers? Who are you actually reaching? Most businesses who start into social media just jump in with both feet because they hear social media is where its at! But the reality is the average business doesnt have any type of plan or process for choosing the social media or for evaluating its success or failure. How to Create a Social Media Plan For Your Business: An Easy Step-by-Step Guide takes you through the process from the evaluation of what youve currently got online to the options of where you should go. This book starts with the basics of getting your website social media ready and moving into specific social media platforms. It also shows you how to set up Google Analytics to monitor your social media traffic. It holds your hand while you make your first post. This book is a MUST have for the business who wants to approach social media with a clear step by step plan and not waste time or money in the process.
