

Rock This!

The National Bestseller--now in trade paperback! Rock This! ought to be required reading for American citizenship or high school graduation. --Entertainment Weekly From today's hottest stand-up comic--heir to Richard Pryor and Eddie Murphy and known for his Emmy Award-winning HBO Specials and The Chris Rock Show--comes this edgy, no-holds-barred humor book about race, relationships, and politics. Everyone wants a piece of the Rock. --USA Today Rock doesn't just make you laugh; he makes you think. --Vibe Unlike so many comedians books, this one isn't a wispy flight through the land of whimsy. It's closer to a hip sociology primer, with direct hits on such subjects as the difference between white skin magazines and black ones. --Vanity Fair Chris Rock is probably the funniest and smartest comedian working today.--Caryn James, The New York Times
